
SHELVE PLAN TO MOVE CITY POLICE STATION

The city council, on the advice of Police Commissioner O'Connor has shelved a resolution by Ald. Charles H. Weber [45th] seeking relocation of the N. Damen av. police station now located at 3801 N. Damen av.

Weber had asked the sta-

tion be relocated at Western av. and Irving Park rd., or some other site not in a residential neighborhood where police owned autos create a parking problem.

The council has ordered Paul Gerhardt, city architect, to make a study of the possibility of constructing police garage facilities near the station to relieve congested street parking there.
